EASTERN DATES TO MAY 1

EASTERN STATES

The Cincinnati Gathering

CINCINNATI, April 30.—The attendance at the Convention is constantly increasing. Arrivals to-day were large from the Western and Middle States. New England has not many pledges entitled to vote in the Convention. The Southern States are all represented but less numerously than the Western. Illinois in particular is prolific of delegates, there being several hundred, in which Republicans largely predominate. There are not a few Democrats present watching affairs. So far as the result of the Convention is concerned it is impossible to form the slightest idea. A week since the Illinois delegation agreed to give forty two votes which that State will have in the Convention, to Davis and divide the other half equally between Trumbull and Palmer. It is probable that the arrangement will eventually result in an equal division of the votes of the State between Davis and Trumbull. There is a bitter feeling among some adherents of these gentlemen and the Chicago Tribune to-day editorially intimates that if Davis is nominated it will not support him. The New York delegation are for Greeley, Missouri for Brown first and not disposed to consider the contingency of having to make a second choice. The most serious trouble however appears to be the tariff plank in the platform. At a late hour to-night the conflicting interests on this question had not succeeded in agreeing to a satisfactory basis of adjustment of the differences and grave fears are expressed by those deeply interested that such a settlement of the vexed question is impossible. The Convention which meets to-morrow at ten A M will form a temporary organization and take a recess, so that the Illinois members may be present at the opening.

LOUISVILLE, April 30.—The Courier Journal will to-morrow editorially oppose the nomination of Davis, Palmer or Curtis at Cincinnati and says that either will be badly beaten.

NEW YORK, April 30.—The World to-morrow replies to the articles of the Albany Argus and Washington Patriot and protests against what it calls the intrusive impertinence of a clique of Democratic Congressmen in the attempt to control the Cincinnati Convention in the interest of Davis. It reiterates its belief that Adams is the fittest and strongest candidate for the nomination.

Fire in Penn Yan.

ROCHESTER, April 30.—A destructive fire occurred in the village of Penn Yan to-day. Five houses were burned, loss not yet known.

Texas Frontier Troubles

BROWNSVILLE, April 23.—The city is filled with refugees from Mexico. Every house is full of people from Matamoras, including many prominent persons, both Mexicans and foreigners, sent beyond the lines by Caballos, commanding at Matamoras.

Gen McCook's entire force from Fort Brown, is guarding the river line to enforce observance of the neutrality laws.

Rumor from London

NEW YORK, April 30.—The World's special from London says: "I am authorized to say that the British Government considers the claim for indirect damages withdrawn. Gladstone and Granville will compliment President Grant in Parliament for yielding to their demands."

WASHINGTON CITY

Congressional

WASHINGTON, April 30.—The amendments to the Texas and Pacific Railroad bills were concurred in.

Casserly offered a resolution directing the Secretary of the Treasury to send to the Senate information in his possession about the accounts of the Pacific Railroad bill.

The bill to repeal the duty on tea and coffee were taken up and on motion of Scott an amendment was made providing that it go into effect July 1st and that tea and coffee in bonded warehouses and public stores on July 1st be exempt from duty, and that duties paid be refunded, which was adopted.

Morrill of Vermont moved an amendment to the free list.

The bill passed four weeks ago by the Senate, was rejected,—19 to 30.

Trumbull's amendment to repeal the duties on coal and salt was rejected—14 to 33.

Casserly moved to strike out July 1st, and make the bill take effect immediately. This was rejected and the bill passed. The Senate then adjourned.

British Counter Case

A number of copies of the British counter case has been received at the British Legation. Six have been given to the Department of State.

There is some excitement among members of the House to-day, several of the most prominent expressing the belief from information received, that the American consequential damages are to be abandoned.

SPICE

From the Boston Commercial Bulletin's answers to correspondents: "Son in law"—Arsenic is the most certain. Put a little in her tea.

Calico, the well known cotton cloth, is named from Calicut, a city in India, from whence it first came. Calico was not known in England at all until as late as the year 1631.

Bayard Taylor once called on Humboldt. The venerable Baron met him cordially, saying as he did so: "You have traveled much, Mr Taylor, and seen many ruins; now you see another." "Not a ruin," replied Taylor, "but a pyramid."

The St Louis Democrat says Horace Greeley does not go to the Cincinnati Convention a unit for anybody. He is divided among himself between Greeley and Trumbull. He is for Greeley on principle and for Trumbull on expediency, but he is prepared to sacrifice both principle and expediency and take up H. G. as the only man who can beat Grant in the present emergency.

This is said to be a verbatim extract from the diary of a San Francisco girl: "Gibbon called. Spooned about a dance we had at the calico ball. I looked down and twisted my [illegible]. It always makes me blush, that twist. Old Mrs Satchel wanted me to go on a charity trip with her and carry a cold meat and crust basket. Says she heard of my exertions at the calico ball and wants me now to visit a shirt maker down with fever. The old fool can't see the difference between an affair like the past event and poking about in a nasty garret."

Grant's Strength

[From the N. Y. Herald.]

Ulysses S Grant has been pre-eminently the President of the People. He has kept every pledge made to his party; he has avoided tempting and embarrassing complications; he has ever studied and advanced the business interests of the country; he has paid the debt and strengthened the credit, and that if he were to retire to-morrow he would leave the country better, happier and more prosperous because of his Administration. As Mr Greeley said a year ago, before his eyes were dazzled by the unhealthy lust of [illegible] ambition. He misunderstands human nature who fancies that these facts will not tell in a Presidential contest. These are the facts and the only facts that will tell. We shall have an angry canvass. There will be all sorts of phenomena, quarrels in [illegible], and [illegible] intrigues and strifes to interest and amuse us, and in the eyes of the politicians a close and uncertain contest. There will be transformations and changes and rearranging of lines, concessions and surrenders. But when the electoral votes are counted it will be found that the great, earnest, honest heart of the country has registered the decree that Ulysses S Grant shall be President of the United States for four more years and that as many Democrats as Republicans contributed to that auspicious and happy result.

LAST NIGHT'S DISPATCHES.

SPECIAL DISPATCHES TO THE OREGONIAN.

EASTERN STATES

The Cincinnati Side Show

CHICAGO, May 1.—Great interest is manifested in the result of the Cincinnati Convention to-day, as it is generally thought a nomination will be reached. The tenor of a special dispatch to the Tribune, epitomized in head lines, thinks Judge Davis is still believed to be ahead of all competitors.

CINCINNATI, May 1.—The Reunion Reform Convention was called to order at 11 A M. About four or five hundred delegates are present. Judge Caldwell, President of the Cincinnati Reform Association, called the Convention to order and nominated Judge J. B. Stallo as temporary President, who on taking the chair thanked the Convention for the honor while doubting his fitness for the position. He made a speech of considerable length and proceeded to state the objects and aims of the Convention, declaring that they were not Republicans or Democrats representing different sections and conflicting interests, but as members of a great party of Union Reform and Progress, as citizens of various parties and of a common country with mutual interests and common patriotic hopes and aims. The Reunion Liberal Republican Convention was about to assemble, he said, for the purpose substantially the same as that of the Reunion Reform Convention. He expressed the hope that before the Convention adjourned they would stand on a common platform and united in their efforts to secure the real objects each have in view—Reunion and Reform. At the conclusion of Stallo's remarks, a committee on permanent organization was appointed, who were also instructed to report on order of business, and pending the call of States a recess was taken till 3 P M.

The Other Side Show.

CINCINNATI, May 1.—At 12 M the Liberal Republican Convention was called to order by Col Grosvener, of St. Louis, who nominated Judge Stanley Matthews of Cincinnati, for temporary chairman. Matthews on taking the chair thanked the Convention for the unexpected honor, and briefly addressed the Convention upon the causes which had necessitated its assembling and upon the work before it. Three temporary Secretaries were then elected, and after adopting a resolution that when the Convention adjourn it be to 10 A M to-morrow and that in the meantime the delegations from the several States shall elect delegates to the Convention equal in number to double the vote each State respectively is entitled to in the electoral college, a motion to adjourn to 10 A M Thursday was carried.

Robbery and Murder

LOUISVILLE, May 1.—A daring robbery and murder was perpetrated at Columbia on Monday afternoon. Five mounted men rode up to a deposit bank and dismounted. Two held the horses and the others entered the bank, in which were four unarmed gentlemen, including Martin, the cashier, and demanded the keys, but the cashier refused in the face of fearful threats of one of the scoundrels, who shot him dead. The other three gentlemen escaped, but the robbers seized the money outside the safe and dashed away. There is intense excitement and persons are pursuing the robbers, who will be lynched if captured.

WASHINGTON CITY.

WASHINGTON, May 1.—Great interest is felt concerning affairs at Cincinnati. President Grant and Colfax are in constant receipt of dispatches giving the latest phases of affairs. Their advices indicate the nomination of Davis. There are also indications of a row. Davis is also in receipt of dispatches, and is under the impression that he will be thrown overboard and a new man nominated.

Our Relations With Spain

WASHINGTON, May 1.—Secretary Fish stated to-day concerning our relations with Spain, that Gen Sickles' orders were to the effect that if Spain continued to decline an amicable settlement of the vexatious question in the controversy between the two Governments, he was directed to demand his passports and to inform Spain that the United States would not send another Minister until she complied with our demands. The Charge d'Affairs, in that event, would remain and the American legation be kept open while our relations would not be very cordial.

UTAH.

SALT LAKE, May 1.—The English Company, represented by Mr Haskins of this city, commenced a suit for the possession of the Flagstaff mine at Little Cottonwood, claiming it as the property originally located as the Gen Grant. On application for a receiver the defendants were allowed ten days to answer. This is one of the most important mining suits in the Territory.

A dispatch from London to-day offers $1,000,000 for the Vallejo mines.

Mormon missionaries left for Europe this morning. Brigham accompanied them to Ogden.

The New York Company are arranging for the erection of a furnace.

Brick and immense quantities of mining machinery are arriving.

There are heavy contracts for mills and smelters and a strong desire among mine owners to reduce all their own ores themselves and ship the bullion.

CALIFORNIA.

From San Francisco

SAN FRANCISCO, May 1.—The Regents of the State University at Oakland advertise for proposals for the immediate completion of the University building at Berkley.

Three thousand men are advertised for work for the season on the Oregon & California, Oregon Central and Northern Pacific railroad companies.

No abatement in the heat this evening. It is the first time in years that there has not been wind enough to blow smoke away from the bay in front of the city, and the eastern shore is invisible from this side.

There were 175 marriage licenses issued in this city in April, and 21 persons sent to the Insane Asylum.

The Eastern Nevada stocks broke as badly as the rest this evening and the whole market closed flat. Nevertheless it seems to be the prevailing opinion that the reaction will be exceedingly brief and nothing approaching a panic is possible at present. Sales in the afternoon Board aggregated 22,491 shares, of which 2,710 were Eureka Consolidated, 2,635 Jackson and 195 Meadow Valley.

The conferences on the Atlantic and Pacific Railroad project between the Committee of 100 and the St Louis delegation are nearly over, and the result, which it is believed will be highly satisfactory, will be made known in a day or two.

Arrived this evening—Ship J B Bell from New York with merchandise, to DeWitt, Kittle & Co.

James S Urquhart, for many years manager of the office of the Western Union Telegraph Company in this city, goes east on leave of absence to-morrow.

About 3,000 people were at the Fashion Park, Alameda, at the picnic. The novel May day festival after the old English style was a great success. The ceremonies with all the paraphernalia and accessories will be repeated at Woodward's Gardens on Saturday, when it is expected that from 10,000 to 20,000 persons will be present.

A marine aquarium with fourteen tanks, to illustrate life in the sea, is being constructed by Woodward and will be completed in two months. A vessel will be sent to the Farallones to gather every description of sea plants and every description of fish inhabiting our waters, from a sardine to a shark. This will be one of the largest aquariums in the world.

The immediate cause of the fall of Pioche to-day was the commencement of a new suit for part of the ground by the Orient Company.

For some time past the heaviest stock brokers have been compelled to refuse orders for purchases on time by the hundred, from the fact that it was impossible to get money enough even with the largest credit to carry stocks at the advanced prices. This has stopped time purchases almost wholly, and thereby checked the advance in prices and brought on the reaction now going on.

It is rumored that Gov Stanford has offered to sell the Southern Pacific line so far as constructed, with its rights and franchises, to the 35th parallel of Atlantic and Pacific Company. The rumor may be considered doubtful.

The principal business houses of the city will close at 1 P M to-day on account of the funeral of [illegible] W Britton.

Attorney General Williams leaves by the Oregon steamer to-day.

The Commissioners for establishing the new Insane Asylum are now visiting various localities with a view of selecting a site. The impression prevails that San Mateo county stands the best chance on account of climate, readiness of access, etc. The Crystal Springs property, which is situated in a quiet valley with very beautiful surroundings and a large building already completed, has been offered as a suitable location.

Miss Grace Roberts, daughter of Capt Roberts, was married at the Unitarian Church to-day to Henry K Moore, a well known attorney. The church was one mass of flowers, and a very brilliant fashionable audience was in attendance.

Judge Stanley announces that the office of Justice of the Peace being a salaried one, Justices have no right to take fees, and lay themselves liable to a criminal prosecution when they do so. Heretofore Justices have reaped a splendid harvest at the business of making out bonds for parties arrested by the police, charging $2 50 for each bond. But this will have to be stopped now.

This has been a boiling hot day and the picnickers who leave the city by thousands for Alameda and elsewhere, are glad enough to get back as quickly as possible, half naked and thoroughly worn out.

J H Kane was tried a second time to-day on a charge of dealing faro, and got clear again, proving an alibi, while the prosecution could not prove the game dealt to be faro. Walter Rich, proprietor of the building, who was arrested, got off also.

Edward Allen, who entered deputy Sheriff Cameron's house and got caught in the act, was sent up for trial on a charge of burglary.

The steamer America, for China, took $1,524,570 treasure and a cargo valued at $132,000 to-day.

The colored men of Georgia are demanding the admission of colored students into the State University, on the ground that the college received the land script granted by Congress for agricultural colleges, and that the benefits of that grant were intended for all the citizens of a State.

John E Potter & Co., of Philadelphia, have $17,000 for the author of "White Rocks," the manuscript of which was left with them five years ago by a boy, who has never been seen since the book was published. The author was to receive a royalty of ten cents per copy, and 150,000 copies have been sold.

The Emperor William rides about Berlin in a very plain looking carriage without escort or guards. He always appears in full uniform, and graciously touches his helmet to the crowd, who bow and applaud until he is long out of sight. Bismarck seldom rides or drives, nor does Moltke, as the Americans say.

Rose McKinley, a New York blonde who turns the scale of 200 before breakfast, is called the "Queen of the Free Lovers." She has written a poem called "Psyche," which alas never will be printed. The publisher got a new font of copper faced type to set it up in, but the virtuous metal hadn't the face to do it.

The brother of Joseph Smith, the founder of Mormonism, was recently arrested at a village near Elmira, New York, on suspicion of having murdered a neighbor. He is the man who baptized Brigham Young in the polygamous faith of the Saints. Singular that both baptized and baptiser should be suspected of the dreadful crime of murder.

Political Feeling in Illinois

A dispatch from Springfield, Ill., dated April 18th, gives the following political intelligence:

Although perplexed with a multitude of Presidential aspirants Illinois is in a remarkably good condition politically. The manifesto of the Thirty-eight has not produced any appreciable effect, but the people have discovered that with very few exceptions the Thirty eight are not office-holders only because they are disappointed office-seekers. That the thirty eight will not be able to carry any considerable number of Republicans with them, is evident by the fact that, although the Cincinnati movement has now been agitated for weeks and all the promoters are well known, not a single Republican paper in the State, except the Chicago Tribune, has deserted the party, all others, with only two or three exceptions, which are non-committal, claim the re-nomination of Gen Grant as due to the popular sentiment.

As a fact of the same import it may be added that the news was received to-day that the first Republican Convention has just been held in White county, in which the force of Federal office-holders is composed of one village Postmaster, and yet the Convention indorsed Gen Grant. Gov. Palmer has not gained any new laurels by his letter of yesterday. The phrase that he will not canvass the State for Grant unless some more objectionable candidate is nominated is considered a sign that he is [illegible] of seeking the Cincinnati prize. His defection causes no [illegible] whatever, as everybody in the State knows that until a few days ago, he pretended to be a hearty Grant man and only went over when the letter of Gen Oglesby appeared [illegible] to be a candidate for Governor. Knowing that he was out of the race, he instantly took the chances for something else. His influence is impaired by the present position.

A Short Article on Grant.

"The Republicans are generally satisfied with General Grant's Administration, and inclined to renew his lease of power. There is a very general conviction that he is a safe and prudent Executive. General Grant has been not quite two years in power. During those two years many war-clouds have loomed on the horizon, yet peace with foreign nations and with Indian tribes has been happily preserved. The taxes have been largely reduced, yet two hundred millions of the national debt have been paid off and canceled, though we are paying one hundred millions per annum interest, and thirty millions per annum for pensions to the widows and orphans of our great struggle. We doubt whether any Government ever before devoted so large a proportion of its annual incomes to the payment of debt. He misunderstands human nature who fancies that these facts will not tell in a Presidential contest."

Lest it should be supposed that the foregoing are the utterances of "an organ," we may as well say that it is quoted from a leading article written by Horace Greeley himself, only a few months ago, and published in the Tribune. General Grant has continued to keep "peace with foreign nations" and with "Indian tribes," to lighten the taxes and to pay off the debt. Consequently, he must still be worthy of the praise which Mr. Greeley bestowed upon him in 1871. How is that?—N Y Times.

Mr. J. Smith, a distinguished and popular shoe [illegible] of Chelsea, Massachusetts, was surprised by a number of friends at a late hour on a recent night, and presented with a new peg-awl, with brass ornaments on the handle, the whole said to have cost seventy five cents. Mr. J Brown made a neat presentation speech, which was appropriately responded to by Mr. Smith.

It is estimated that some $75,000,000 worth of fuel is burned yearly in the United States. Locomotives consume over 5,000,000 cords of wood annually, and over $100,000,000 worth of sawed lumber is yearly employed in building and in manufactures. Four millions of acres of forest disappear every year before the axe, to supply all these demands.

I was also suffering with a Chronic Disease of the Stomach and Liver, which has been entirely Cured by DR ABORN. The Disease of the Eyes is entirely removed, and the Vascular Growth has been so completely removed that any trace of the affliction is scarcely [illegible]. Another Cure of a Chronic Disease of the Stomach, Liver and Nervous System of Ten Years' Standing.

TO THE PUBLIC.—I feel it my duty to make the following statement of facts in my case for the benefit of those who are similarly afflicted. For ten years I have been afflicted with Liver Complaint, Dyspepsia and a Nervous Disease. My left arm was partially paralyzed, and a general depression of the whole system [illegible] nights; almost entirely unfit for business. Taking the advice of Jackson Powell, of Powell's Valley, I was induced to apply to Dr Aborn, and after two weeks' treatment, I consider myself cured. In fact I feel like a new man, such wonderful change has been produced by his successful mode of treatment. I have found the Doctor kind hearted and charitable. I reside at Sandy, across from Powell's valley.

THURSDAY MORNING, MAY 2, 1872.

Cincinnati.

The Cincinnati Conference is now in full blast. Of course it is a large affair. All men who ride hobbies are there. All Cincinnati and all who have met with political disappointments, all who have special theories to advocate, all who are followers of crude and visionary ideas are assembled. It is a Babel of confusion. The chief features of the assembly are diversity of opinion and contrariety of interest. Tipton of Nebraska, who advocates in the Senate the [illegible] policy of massacre and extermination toward the Indians, is at Cincinnati because full amnesty has not been given to rebels. Fenton of New York, who has been disgracefully notorious as a jobber in offices and patronage, is there because Grant doesn't come up to his ideas of civil service reform. Gratz Brown is there as a free trader, and Horace Greeley is there as a protectionist. Bill is there because he was turned out of office, and Joe is there because he wasn't put in.

In the midst of all this variance there is a conspicuous absence of any solid reasons for such a Convention. No general or vital principle struggling for expression or seeking enforcement brings this dissident crowd together. Men heretofore associated with the Republican party are now quarreling with it from a variety of selfish and petty causes. This is the whole phenomenon of the Cincinnati Convention.

That an assemblage so constituted should find it difficult to agree on anything, or even that it should quarrel on the very threshold of its proceedings, would not be strange. The dispatches, so far, tell us of little else than variant opinions and prospective contentions. In fact, the problems before such a Convention admits of no real solution. How to propitiate all is the problem; and no one can solve it. When men cut loose from solid principles and devote themselves exclusively to speculative notions, to petty resentments, or to the discussion of non essentials, they cannot agree in large numbers. To produce agreement among large classes of people there must be a few very general principles on which all can unite, and details must be left to take their chance. Those who have assembled at Cincinnati have reversed this order. They have let go of leading principles and advanced the common trifles of politics to the first place of discussion.

Can combinations that will promise success be formed out of these discordant elements? It is yet six months till the Presidential election. Length of time is fatal to these spasmodic movements in politics. Delusions cannot last. They wear out. They fade away under the steady light of common sense. Every combination contemplated at Cincinnati presupposes as a basis the Democratic vote. For without that vote thrown solid for the Cincinnati candidates no one is so absurd as to imagine that those candidates would get an electoral vote in any one of the thirty-seven States of the Union. Even supposing that the antagonistic opinions represented in the Convention could be made to coalesce, then could the whole Democratic vote be counted on? Such a result is extremely improbable. Multitudes of Democrats, finding themselves released from party obligations, would refuse to be sold and transferred by their leaders, but would form for the future such political associations as pleased themselves. There are Democrats, and not a few of them, who will not accept their Presidential candidate from this Convention. It is not in human nature that they should. No great party can be carried over bodily to a new and strange position simply for the sake of expediency. The convictions of the masses are too deep to be moved by the arts and wiles of trading politicians.

To begin with, then, the doctrinal impediments of the Conventionists themselves render it extremely doubtful whether any substantial agreement can be reached among them. And finally, it is even more doubtful whether the whole Democratic vote, without the help of which the movement will be a ridiculous abortion, can be obtained. Here are the reasons against the success of the scheme. They must seem insuperable to every one who dispassionately considers the situation.

Civil Service.

Certain men in Congress have literally assailed Gen. Grant for his alleged indifference to civil service reform. They have themselves proposed no practical method to bring such reform about, but have been content with delivering vituperative speeches against the administration on the condition of the civil service. While these fault finders have been wasting the time of Congress in acrimonious discussion the President is the only man who has steadily pursued a design of inaugurating reform. A day or two since we published an order of the Executive for carrying out a series of regulations drawn up by an Advisory Board, which regulations provide that appointments and promotions in the civil service shall depend on the fitness of candidates. The President, in promulgating the rules, states that while the right of all persons in official positions to take part in politics is acknowledged, "honesty and efficiency, not political activity, will determine the tenure of office."

Gen. Grant's efforts for reform in the civil service are the only efforts that have yet produced any results. No one has been before him in this matter. Congressman Garfield, of Ohio, said the other day: "I desire to remark to the House that I have had no impression made on my mind from any conversation with any man more strong or more clear than this, that in all this matter of civil service reform the President is not only sincere, but he is in earnest. Every message that he has sent us makes me more certain that it is so, and nothing I have ever heard him say detracts one whit from that conviction."

This testimony is the more reliable because Mr. Garfield has at all times shown his complete independence of the administration and refused to sign the Presidential endorsement sprung upon the members of Congress in the interest of the New York Grant demonstration.

A good road from the Wallamet Valley to Tillamook has long been wanted. Several have been commenced, but none are finished. The Tillamook and Yamhill Road Company was organized on the 27th of April. J. M. Fryer, Peter Scholl and William Squires were elected Directors. Peter Scholl was elected President, and W. W. [illegible] Secretary. This road is to be constructed from North Yamhill to the Nestucca river. Considerable work has already been done upon it. About twenty miles remain to be finished.

There are two "shows" at Cincinnati. They are trying to "fuse." Which one was Jasper Johnson sent to?

In order to carry out the plan for the Centennial International Exhibition, to be held at Philadelphia in 1876, a bill has been introduced in Congress to incorporate a Centennial Board of Finance, consisting of persons from each State and Territory. The capital stock of the incorporation is not to exceed $10,000,000, and is to be divided into shares of ten dollars each. Books of subscription are to be opened in each State and Territory. A Board of Directors, one to be chosen, consisting of twenty-five stockholders. Under their direction the grounds for the Exhibition are to be prepared. The Board will also have power to establish rates for entrance and admission fees, and conduct the Exhibition. Certificates of stock are to be prepared by the Secretary of the Treasury, and penalties are prescribed for counterfeiting the same. After the Exhibition is closed the affairs of the incorporation are to be wound up at once and its assets divided. It is believed that this International Exhibition, in conjunction with the Centennial Celebration of Independence, will be the grandest thing of the kind ever held.

Newell of the Walla Walla *Statesman*, a life-long Democrat, who knows Jo Teal "like a book," says: "The Portland *Bulletin* devotes nearly a column to the dissection of Jo Teal's character. This is certainly a waste of time, as those who know Jo best will certify that he never had any character to speak of."

It is safe to predict that if the Cincinnati Convention agrees on a platform, that platform will consist of the briefest and vaguest generalities, so as to accord with the political convictions of all sorts of men.

The official count in Connecticut on Governor, gives Jewell, Republican, 46,563, Hubbard, Democrat, 44,562. Jewell's majority, 2,001.

SHORT PARAGRAPHS.

The Boston *Transcript* says: "Our Democratic friends are feeling very tenderly toward Mr. Sumner, and can't see how a Massachusetts Convention could 'dishonor' him by passing Grant resolutions. They always liked Sumner."

A New Orleans Democratic journal says it accepts the amendments to the National Constitution, "so long as there is no chance of their being repealed." This is a concise statement of the attitude of that party toward everything that has been done since the war.

An exchange says: "It is not true that the proprietor of the New York *Sun* is about to go upon the stage; the only foundation for such a rumor is the fact that so many of his slanderous conspiracies have fallen in ruins about him recently that he must have assumed the *role* of the melancholy Dane about this time."

The soldiers of Massachusetts have started a movement for the erection of a memorial tablet over the grave of the late Governor John A. Andrew. A little flag planted by some tender hand in the graveyard at Hingham, is all that at present marks the burial place of that loyal Governor, who covered the State with a mantle of glory.

The Bangor *Whig* says the liquors seized in the city a year ago last summer, some forty barrels of different kinds, which have been lying under the City Hall to season, were emptied on the ice in the Kenduskeag, near Central bridge. The effect was startling and the fiery stuff burned its way through the ice like molten iron. Quite a number of old topers looked on with regretful eyes and parched lips.

The New York *Commercial Advertiser* says: The New Tammany has just arisen from the ashes of the old. It promises to be a very lively phoenix. There are some slight changes in the outward make-up of the bird—the plumage is less gaudy, and many of the head feathers are missing; but in all essential respects it's the same old fowl, with just as quick an eye for a "good chance," and just as keen a scent for the flesh-pots as ever.

The New York *Commercial Advertiser* says: "Parties of Mexicans are raiding on the Texan border. Our little force of cavalry, cut up into small detachments and scattered at long intervals between Brownsville and El Paso, is unable to prevent these encroachments. President Juarez hasn't the ability to check them. The revolutionary leaders don't bother themselves about such incursions, and altogether it looks very much as if Uncle Sam would have to roll up his pantaloons and 'wade it.' Mexico has about reached the state of a ripe persimmon, and it will soon be time for us to gather the fruit. We don't want to, of course, but we can't very well help it."

The divorced wife of Lord Ellenborough, who died some time since, many years ago disappeared from London society. It was said by some that she had married a Continental inn-keeper, by others that she had committed suicide. Some years later it was discovered that she had become the wife of the chief of a tribe of Bedouine Arabs, and had adopted their dress and way of life. She has frequently aided her countrymen against the thieving gangs of the Nubian desert. The last heard of her was that she was in command of a large band, conveying several Englishmen through a dangerous part of the desert, equipped with a gun and spear like an Arab chief.

A large grayhound belonging to some Gypsies camped near Salem, went into a store at that place a few days ago, and while the clerk's back was turned, stole a pound of butter and went skiting with it to his owner's rendezvous.

The *Mercury* says: "Mr. Henry Kohlep, employed at the Salem Brewery, is six feet eight and one-half inches in height, and has not tasted a drop of water for upwards of three years." What an amount of other liquids it must take to wet that man all the way down.

Governor Grover has appointed Mr. E. C. Mason of Goose Lake, Jackson county, and Mr. A. L. Kirk of East Portland, as Notaries Public. Mr. E. V. Joyce of San Francisco, David G. Gordon of Hartford, Connecticut, and H. E. Hindmarch of Philadelphia have been appointed Commissioners of Deeds for Oregon.

From the *Mercury*. A map of the Coos Bay wagon road has been completed from Isthmus slough, a portion of Coos Bay, in an easterly direction, to the 24 mile post, and has been received at the Executive office for filing; and that a duplicate copy may be made for the Interior Department at Washington.

Still Another Remarkable Cure.

SAN FRANCISCO, Nov. 17, 1871.

DR. A. M. LORYEA & CO.—For two years I was afflicted with Rheumatism, and tried all the known remedies, but experienced nothing more than a temporary relief, the disease always returning. Some months since I concluded to take your Unk Weed Remedy, and the result was a Speedy and Permanent Cure, the Rheumatism being entirely eradicated from the system. The "UNK" is also a Tonic of the very highest order. It increases the appetite, and invigorates the body. I cheerfully bear testimony to its good effect upon me, and feel sure that it will do all you claim for it.

PLANTATION BITTERS!

S. T.--1860--X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

Beautiful Woman!

HAGAN'S MAGNOLIA BALM gives to the Complexion the Freshness of Youth.

Hagan's Magnolia Balm overcomes the flushed appearance caused by heat, fatigue and excitement. It makes the lady of forty appear but twenty, and so natural and perfect that no person can detect its application. By its use the roughest skin is made to rival the pure radiant texture of youthful beauty. It removes redness, blotches and pimples. It contains nothing that will injure the skin in the least.

Magnolia Balm is used by all fashionable ladies in New York, London and Paris. It costs only 75 cents per Bottle, and is sold by all Druggists and Perfumers.

THURSDAY MORNING MAY 2 1872

CITY.

DEFEATED.—As will be seen by reference to the proceedings of the Council published elsewhere the City Fathers last night [illegible] the ordinance providing for lighting the town clock. A great deal has been said about this subject since the Gas Company refused to furnish gas for the clock free, but we have never heard any one pretend to give a good reason for the action which some of our City Fathers have taken in regard to the matter, nor do we believe that such a reason exists as a matter of fact. The city as well as private individuals has been at considerable expense in purchasing and putting up this piece of property, and the keeping of it lighted is certainly one of the essentials to the enjoyment by our city of all the advantages which it affords. The expense of lighting would not prove large by any means, and that cannot be the reason for the action of the Common Council in refusing an appropriation for that purpose. Whatever the cause of the failure of the ordinance may have been it certainly was not the principle of economy, and if any other motive prompted the members whose votes defeated the [illegible]—as they should have laid them aside and permitted this accommodation to the public. This is about all we have to say here pertaining to this matter, but we do hope the Council will reconsider its action of last night.

THOSE CITY TAXES.—According to the city assessment roll the total tax levied aggregates $49,283 63. Amounts as follows have been paid into the City Treasurer:

General Fund	$[illegible]
Interest	[illegible]
Police Buildings	6 906 64
Lamps	9 844 43
Total	$26 006 51

From this it will appear that there remains delinquent on the rolls $23,217 42. The list has been returned to the Auditor to await the action of the Common Council. This body will instruct the Chief of Police to interview those gentlemen who have not come to time on the question of municipal finances.

HOISTED ON BOARD.—A large and somewhat intractable steer was taken on board the steamer Gussie Telfair last evening just before her sailing. He was to be slaughtered and used when the present supply of meat failed, it being impossible to keep fresh meat during this warm weather. The [illegible] manifested no disposition to be led like a lamb to the slaughter. He was at length taken on board by swimming to the side of the vessel. A rope was attached to his horns and he was hoisted by a tackle, despite his kicks and resistance.

RASCALS RIGHTLY SERVED.—Three boys who were amusing themselves last evening by pelting an inoffensive Chinaman, were taken into custody by the police. They were locked up, and will have the pleasure of a brief interview with the Police Judge this morning. We suppress names, and hope that the lesson may prove salutary to these mischievous juveniles. The boys think no doubt, that they were dealt harshly with. Experience is a dear school and these little rascals ought to profit thereby.

MAY DAY PICNIC.—We learn that the teachers of the schools in the vicinity of Woodburn are making suitable preparations for a grand May Day picnic to be held at Woodburn station, Marion county, on the 18th inst. The Aurora brass band will furnish instrumental music. Professor McGraw will attend to the vocal music. Rev P S Knight of Salem, will deliver an address on "[illegible]," in the forenoon and Prof S C [illegible] will speak on Temperance in the afternoon.

FOR PHILADELPHIA.—Mr A J Dufur one of the Centennial Celebration Commissioners for the State of Oregon, will start by the next steamer leaving Portland, for the East to attend the Convention of Commissioners from all the States which is to meet at Philadelphia, May 22 to make more definite arrangements for the great National Independence Celebration July 4th 1876. The [illegible] Committees appointed at the last March [illegible] will report at this adjourned meeting.

GOOD FOR TAZEWELL.—By the steamer Ajax [illegible] here yesterday morning there arrived [illegible] families from Tazewell county Illinois, all with a view to permanent settlement in this State. One peculiarity about this is, that out of the sixteen families there are twenty one voters and only one in the number is a Democrat. Well done for Tazewell. Oregon wants any amount of such accessions to her already rapidly augmenting population.

AN OLD PIONEER.—A correspondent says there is a piano in this city which was brought here in 1839. The veracity of the writer is not called in question at all, but we should like very much to interview that instrument. Its tones must be harmonious torture to musically inclined ears. Fancy a piano which has been a resident of Oregon for 33 years and has not yet melted to the influence of "climatic tendency." Pluvius where art thou.

SURVEY COMPLETED.—We are informed that the survey of the St Helens bar has been completed. A hydrographic survey will soon be made commencing at the mouth of the Willamette and extending up toward this city. An additional survey is contemplated embracing the entire scope of the channel to commence three miles above the mouth of the Willamette and [illegible] along to Portland.

COMING.—A private telegram from Col W W Chapman was received yesterday, sent from Umatilla in which the Colonel stated that he would in all probability reach Portland on Friday (to-morrow) evening. As Col C comes with the plans and specifications of the Willamette bridge, and assurances of sufficient means to build it, his arrival is looked for with interest.

AN AGED VISITOR.—An Indiana paper says that Jacob Moore, a citizen of Clay county aged 105 years, will start this spring for Oregon to visit his relatives. Despite his extreme age he is still hale and hearty. If the old gentleman should come, we can safely predict a hearty welcome to him—for he will be the oldest living man who has yet visited our State.

CELEBRATED PIANIST.—We understand that [illegible] are on foot to receive the celebrated lady piano performer Miss Anna Mehlig for a series of concerts to be held in Portland. This lady is acknowledged to be one of the most skillful and clever pianists of this age. She is performing at present in San Francisco with great success.

NO COURTING.—An exchange says that in New Orleans the Superintendent of Police has issued a general order forbidding members of the force courting whilst on duty. Members of the Metropolitan Police in this city should take heed and govern themselves accordingly—those who have a weakness or inclination in that direction.

LARGE IRON CONTRACT.—Smith Bros closed the contract last week with the Willamette Canal and Locks Company for all the iron work used in the construction of the locks and canal. This is the largest contract for iron work ever made in this State.

ARRIVAL OF THE AJAX.—The steamer Ajax reached this port yesterday morning from San Francisco. She brought a large quantity of freight and a number of passengers. The passenger list was published in our issue of Monday.

CONVALESCING.—James B [illegible] is considered out of danger. He is able to sit up occasionally and his many friends may expect to see him about in a reasonable time.

STEAM WHISTLE.—Mr R [illegible] (Major Robert) and C E Talbot [illegible] Cape Flattery to day to superintend the erection of a fog whistle there.

[illegible]—A portion of the [illegible] yesterday on the ship W[illegible] blocks tackle &c was brought up on the [illegible] for that vessel.

TO ADVERTISE.—In order to expedite the collection of the delinquent taxes the Sheriff will advertise the property of delinquents on the 10th inst.

DELINQUENT.—Up to date the delinquent [illegible] on the county assessment amounts to about $5,000.

MESSAGE.—There is a message in the Western Union Telegraph office for John Carrigan.

The Tel[illegible] took away no passengers to the north.

The Ajax brought up twenty [illegible] sacks of mail matter.

Many improvements are held in contemplation this season.

Two vessels were reported off the bar as the Ajax crossed.

Ball season closes to night with two terpsichorean affairs.

Fair weather will add an impetus to the channels of city activities.

Dolly Varden Galop is among the latest musical sensations of this city.

Manager Waldron and troupe will depart for Victoria this evening on the [illegible].

Limited quantities of the real genuine mountain trout is appearing in the markets.

Governor Grover has recently appointed A L Kirk of East Portland a Notary Public.

Mild ethereal spring has come, but how long it will remain, the clerk has not signified.

The present month opens with a good promise of improvements in the way of building.

Don't be deceived by present appearances—take your top coats and umbrellas on your arm.

Twelve building permits were issued during the month just closed. Three more permits were issued yesterday.

Grover expounded the Democratic Scripture to his weak and doubting brethren at Oregon City on Tuesday evening.

Two more "Dolly Vardens" soiled and two chignons scattered on the sidewalk by pugilistic females on Front street last evening.

Joe Teal is superintending the painting of Burnett's canoe at the rear of the Cosmopolitan Hotel. He has been engaged to do the elbow work.

The old building on the southwest corner of Washington and Second streets has been torn down, and workmen are clearing away the debris to allow the erection of a large wooden building.

The "Lion of Linn" will afflict the people of Astoria on Monday next with his roar. Where is the "Lamb like Dirty Ben," of Polk. The twain should travel in the same cage. But a leonine roar and a timid bleat will never harmonize you know. The happy family have made that discovery.

AMUSEMENTS.

THIS EVENING.—Lovers of the terpsichorean art will remember the pleasant party to be given by the Washington Guard at Armory Hall this evening. Parties given under the auspices of this company rarely fail to prove most pleasant social reunions.

PLAZA MUSIC—SERENADED.—Last night the East Portland Band, under the leadership of Prof Parrott, and members of the Oro Fino Theater Orchestra, under Chas Bray combined and gave a Plaza Matinee between 9 and 10 o'clock. At the conclusion, the musicians gave us a friendly call and discoursed some very sweet strains, for which the OREGONIAN establishment desire to express sincere obligations for the pleasure and honor thus conferred.

RECOVERING.—Bruce, the man who fell from the tramway to the rear of Vaughn's mill the other day is reported recovering slowly. He has recovered full consciousness, and the attending physicians entertain a somewhat more cheerful view of his case. Unless some complications arise from his internal injuries there is a probability that he may recover.

DOESN'T AGREE.—Washington county atmosphere evidently doesn't agree with the feeble constitution of His Excellency, Gov Grover. A short trip out there the other day quite overcame him.

PRODUCE.—The east side train brought down yesterday afternoon three car loads of wheat, three of flour, and three of assorted merchandise.

CARD.

TO THE EDITOR OF THE OREGONIAN

I ask the privilege to occupy a small space in the OREGONIAN in order that I may reply to an attack made upon me in last evening's *Bulletin*. The editorial to which I refer, has for caption "Squints Toward Cincinnati," and is the second attempt to classify me and many other members of the Republican party in this city as sympathizers with and supporters of the Cincinnati movement, and, per consequence opposed to the renomination of President Grant for the Presidency. What may be the purposes which the editor of the *Bulletin* may have in view in publishing these attacks upon those who may not favor *his candidate* for sheriff of this county or who may not be particularly partial to the individual he may be desirous of elevating to the United States Senate, perhaps it may not be worth while at this time to stop to inquire. But if he desires to know the truth—desires to know whether I am in favor of the Cincinnati movement—belong to what he calls the Anti Grant Club in this city, then I will try and set him right, as far as I am concerned.

Had this attack only referred to me personally, I should not have felt called upon for a reply, but as he included the members of the Republican Club, and those who are in full sympathy with them, and as these statements are likely to mislead true and tried Republicans, I feel called upon to respond. I quote from the article referred to as follows: "Mr Postmaster Wakefield is disposed to dance around the Cincinnati May pole along with the other sore-head Republicans and their Tammany Democratic allies." Now Mr Editor, here it is, the allegation is forth that I am in favor of the Cincinnati May pole, along with other sore head Republicans, etc. Permit me to say, Mr Editor, that I am not now, never have been, nor expect to be, in favor of the Cincinnati movement, nor any anti Grant movement. But on the contrary, I have always and at all times expressed myself in favor of the renomination of President Grant, and have given him my unqualified support, and that I never had and do not now have any sympathy with nor for the Cincinnati movement, believing that the administration of President Grant has been wise and calculated to promote the best interests of the country. And I desire to say furthermore that I am in full sympathy with the great Republican party and shall give it in the future as in the past my hearty support. If any man living has ever heard me say to the contrary, let him stand forth and accuse. Again I wish to say that the Republican Club to which I belong has never, so far as I know, nor any member of such club in the club meetings (which never have been secret) ever expressed themselves in favor of the Cincinnati movement, nor as opposed to the renomination of General Grant.

If any member of this club is favorable to the Cincinnati movement, so far as the club is concerned he has kept it to himself. It is his business and none of mine. And I will say more—no such movement would find countenance from me for a moment, nor would I assist in any such movement. The objects and aims of the club were set forth in the statement of its principles and published to the world. It seeks simply to have something to say about who shall be placed in nomination to fill the various offices in the county, a right guaranteed to us by the Constitution, a right as far above [illegible] and liberty are above tempo[illegible] [illegible] the Republican party [illegible]

CARD TO THE PUBLIC

In a daily campaign circular issued in a certain interest the following statements occur: "We have it from a gentleman who says he got it from Mr Caywood himself that he was put in the field as a candidate for Sheriff by Mr Holladay and that Mr Holladay would have a right to name the deputies."

The above statements are entirely without foundation. I never stated to any one that I was put into the field by Mr Holladay, or that "Mr Holladay would have a right to name the deputies." Neither statement would be true. I announced myself a candidate last winter during Mr H's absence from the State and without previous consultation with any one. If elected Sheriff I will name my own deputies and will name none but Republicans.

(Wich is in the State uv Kentucky)
April 17 1872

I hev at last succeeded in so arranging my sublunary matters ez to be totally shoor uv regular subsistence till the triumph uv the bolten Republicans and the Dimocrisy give me back the postoffice uv which the butcher Grant deprived me Bascom and I hev come to an understandin He agrees to say nothin more about wat I owe him till after I git my place back agin, when I agree to pay it in full) and in the meantime I agree to stand regularly at his bar, from seven in the mornin to twelve at nite and accept invitashens to drink he payin me two cents on each invitashen for wich cash is paid and one cent where the party tells him to jest mark it down The amount I shel make will depend uv course, on the power uv endoorance uv my bowels Yisterday I made enuff to pay for wat likker I needed in the slack times uv the day and also to buy a square meal which satisfied me

We determined two weeks ago to cast our lot with the liberal reform movement inogerated in the Republikin party by those great good men Horris Greeley, Carl Schurz, and Trumbull The Dimocrisy uv the Corners feel keenly the need uv a thorough, sweepin, radical adminisht when uv the Government We feel that corrupshen, violence, brootality and tyranny hev held sway too long, and we hail gladly any prospeck uv releef Here, in the heart uv Kentucky, a Nigger is Postmaster while I am picking up a precarious subsistence ez best I may depending on chance invitashens of drink for a livelihood Pollock an Illinoy interloper sells goods and collects the revenoo in perfect sekoority with that disturber Bigler as his deputy while a Nigger assesses unto us unconstooshnel taxes Two hundred families up teards Garrettstown are livin on land wich waz wrested from the aristocracy uv this secksben, mockin us by wearin clothes such ez wich we can't afford, and endangerin our instooshens with schools and meetin houses in wich heresies uv the most alarmin nacher is taught and preeched Troo that land wuz bought, and paid for, but for its sale the tyrannical Government is nevertheless responsible Had it not bin for the unconstooshnel war waged onto us, there never would hev bin no necessity for sellin it, and there wood hev been no free Niggers to buy it

I received from Tweed uv Noo York, an akount uv the great Liberal Republikin meeting held in Cooper Instoot in that city on the 12th inst. wich Greeley got up for Schurz and Trumbull, with the Napoleonic injunction at the bottom, 'do likewise' I to wunst called together the faithful and instructed them in new deparcher, and ez to the methods uv gitting at it.

Ez a matter uv course the first step wuz to hev a meetin uv the Liberal Reform Republikins, that noble army opposed to the corrupshens now pervadin all the departments uv the Government, ez well ez to the centralizashen of power an we determined at that meetin to not only enunciate our principles but to nominate a county ticket The call wuz circulated by Deekin Pogram and Kernel McPelter and wuz signed by all uv us citizens uv the Corners who kin write except Pollock the Illinoy store-keeper Joe Bigler Lubbock, the nigger postmaster and Watkins the nigger Assessor

The meetin wuz one uv the most enthoosiastic I ever presided over The meetin house wuz decorated with sich banners ez we hev It wuz uv course a Republikin meetin, but the fact that they were Confedrit flags and the Seymour and Blair banners uv the last campane, didn't seem singler or strange In addishun to these we hed hung about the walls in cospicuous places, portraits wich hed bin painted for Lee Boregard and Brekinridge, but we simply changed the names under em to Greeley, Schurz and Trumbull and they ansered the purpose just ez well

I presided uv course and the rest uv the citizens present wuz made Vice Presidents, and Sekretaries The preliminaries havin gone thro with I reported the followin declarashun uv principles

Resolved That any attempt to convert this Republic into an absoloot monarchy with a hereditary Emperor and titled nobility shood be severly frowned down by the Republikins uv Kentucky, and is hereby frowned down

Resolved That public offices are or should be created for public convenience and not ez rewards for partisan service and that therefore the recent ackshen uv the administration in removin the Assessor Collector and Postmaster of Confedrit X Roads who wanted the places, and who hed them and appintin in their stead men who hedn't the places, but who did vote for the present President wuz an act wich can't be too severely frowned upon.

Resolved That the triumph uv Republikin principles is of paramount importance to the country and that therefore we pledge to Messrs Greeley Schurz and Trumbull our corjel co-operashun in their laudable effort to bust Grant and the Republikin party—stipulatin uv course that in the new deal there shel be a fair divide uv the plunder among all concerned

Resolved That the prosperity uv the country demands thorough radical and immejit change in all departments uv the public service—specifyin pertikelerly the poushens a Assessor Collector and Postmaster at the Corners wich places wuz taken from the honored chairman uv this meetin Kernel McPelter and Issaker Gavitt, and given to two niggers and an Ablishen interloper

Resolved That on the minor questions uv tariff banks payment of the debt and sich it ain't best to express any pertikeler opinion allowin each man to hold his own if he kin We welcome cheerfully to the new movement Horris Greeley and Proteksbun Wells and Free Trade Schurz and Amnesty Trumbull and Perhtukle Disability and everybody else who desires Reform by beatin Grant with whatever assorted cargo uv principles they may happen to be loaded with

At this pint Pollock Bigler Lubbock Watkins and a dozen or more uv the Republikins uv the Corners made their appearance and demanded the rite uv particupatin in the proceedins We mildly but firmly denied this rekest

Isn't this a Republikin meetin asked Pollock

It is, I responded

"Wall then" said Pollock "why shan't I particupate? I wuz a delegate to the Pittsburg convenshun wich organized the party I voted for Fremont, for Linkin twice and for Grand, and

I explained to the misguided man that while it wuz a Republikin meetin wuz a reform Republikin meetin—that it wuz called for the purpose uv consolidatin the elements who desired to purify the public service, and hev a more honest and efficient administrashun uv affairs and therefore—

[illegible] put up ez Chairman a defaultin Postmaster and among yur Vice Presidents the [illegible] Assessor and Collector [illegible] out Joe Bigler

That unfortunit remark cost Joseph [illegible] He hed bin sick with ager and fever for several weeks and [illegible] and the [illegible]

[illegible]

Then [illegible] we proceeded to nominate [illegible] Republican ticket for county [illegible] puttin up for the various places [illegible] and others who hed held em gloriously [illegible] bizness for wich it wuz called the meetin then adjourned

It was necessary to have a meetin uv the Dimocrisy uv the Corners to ratify the ackshen uv the Liberal Republikin Convenshun [illegible] walked out uv the meetin house [illegible] Republikins turned ar[illegible] and walked back [illegible] Democrats I called em to order was elected Chairman and hed the Vice Presidents and Secretaries [illegible] elected [illegible] Then I moved the adopshen uv the followin resolooshens

Resolved That the Dimocrisy uv the Corners viewin with alarm the corrupshen that hez existed in the Government since it passed out uv the hands of the guileless Bookanan and seein no earthly hope uv ever gitting it back by their own unaided efforts, hail with joy the ackshen uv Greeley Schurz and Trumbull in their efforts to beat Grant and pledge them our hearty support

Resolved That the Dimocrisy uv the Corners desirin the co-operashun uv the Reform Republikins, will make no nominashens for county officers but will support those made by the Reform Convenshun heartily and in good faith

Resolved That the platform uv principles laid down by the Convenshun uv Reform Republikins meets our ideas uv the situashen eggsackly and we hereby adopt them ez ours

These resolooshens wuz yoonanimously passed and if the Democrisy everywhere act with ez much wisdom success is certain ez anything kin be in this world This ackshon will hev its effect on the country

REPUBLICAN PLATFORM

RESOLUTIONS ADOPTED BY THE STATE REPUBLICAN CONVENTION AT PORTLAND MARCH 20 1872

The Union Republican party of Oregon in Convention makes this declaration of its principles and [illegible]

1 To the Constitution of the United States and all its amendments we pledge our unfaltering allegiance to its authority a willing obedience, to its faithful and legal construction and enforcement our constant support

2 That the [illegible] public [illegible] the civil service [illegible] the laws without fear or favor protecting the nation's wards with paternal care against the cruel avarice of speculation and fraud, and maintaining friendly relations with Foreign Powers has been such as to command the approbation of the great majority of the American people and justly entitle it to the confidence and commendation of every true Republican

3 We regard the payment of our national debt in full compliance with all legal obligations to all our creditors everywhere and in accordance with the true letter and spirit of its contracting as no longer a question in issue but that we may be clearly understood we denounce all forms and degrees of repudiation of that debt as affirmed by the Democratic party and its sympathizers as not only national calamities, but positive crimes and we will never consent to any suspicion of lack of honor or justice in its complete satisfaction

4. We admit of no distinctions between citizens whether of native or foreign birth; and therefore we favor the granting of full amnesty to the people of the States lately in rebellion and we here pledge the full and effect ve protection of our civil laws to all persons voluntarily coming to or residing in our land

5 We favor the encouragement of railroads by the General Government of the United States and hold that such disposition should be made of the public lands as shall secure the same to actual settlers only in quantities not exceeding 160 acres

6 That while we are in favor of a revenue for the support of the General Government by duties upon imports sound policy requires such adjustment of these duties on imports as to encourage the development of the industrial interests of the whole country and we recommend that policy of national exchange which secures to the working men liberal wages to agriculture remunerative prices to mechanics and manufacturers an adequate reward for their skill labor and enterprise and to the Nation commercial prosperity and independence

7 We believe that popular [illegible] basis and hope of a free government [illegible] any diversion of [illegible] of the common school fund or lands to the State for any other than the legitimate purpose and we condemn the act of favoritism by the last Legislature whereby two hundred thousand dollars taken from the school fund were granted to a corporation consisting mainly of Democratic [illegible] and party favorites for the construction of a work which another corporation entirely sound and responsible offered to construct for seventy five thousand dollars less and that we are in favor of [illegible] by the Legislature of an effectual school law [illegible] citizens of our State a good common school [illegible]

8 We find no terms sufficiently strong to express our disapproval of the course of the last Legislature whereby the swamp lands belonging to this State have been taken from the needy settler and given without [illegible] or compensation to private [illegible] whereby the emoluments and salaries of [illegible] the tax was increased [illegible]

[illegible]

9 We are in favor of the United States granting [illegible] honorably discharged soldiers [illegible] of the United States [illegible] in public lands

10 That we [illegible]

11 That the Republican party [illegible] Salt Lake City and from Jackson county to Humboldt [illegible] of the same
